## ANNEXATION OF CUBA

HAVANA BUSINESS MEN BELIEVE  
SUCH ACTION NECESSARY  
TO RESTORE ORDER.

## EVOLUTION IS FORMIDABLE

WHOLE COMMUNITIES SEEM TO  
WELCOME RETURN OF INSUR-  
RECTIONARY TIMES.

New Orleans, Aug. 23.—The Pic-  
cune's special cable from Havana  
says:

In spite of government denials, the  
evolutionary movement in Cuba has  
assumed formidable proportions. The  
whole island is in a ferment over the  
prising and it is impossible to pre-  
dict at this time what the final result  
will be. The government claims it  
will be able to suppress the revolution  
within two or three weeks, but con-  
servative people who have been closely  
watching the drift of events do not  
believe that the revolution can be  
rushed so easily.

It is believed by many Havana busi-  
ness men that it will be necessary  
for the United States to intervene  
and annex the island before the revolu-  
tion will be crushed. Annexation is  
openly favored by the commercial in-  
terests in all of the large cities and  
owns in Cuba.

SAYS CUBA IS COMPETENT.

Commander of Rural Guards Claims  
She Can Suppress Revolt.

Havana, Aug. 23.—General Rod-  
riguez, commander of the rural guard,  
after relating the incidents of the day,  
said to the Associated Press:

"You can tell the American people  
that Cuba is entirely competent to  
cope with the insurrection. The flood  
of rumors in all directions about the  
organizing of insurrectionary bands in  
great numbers are not borne out by  
our reports or, so far as can be  
learned, by the facts. The result of  
the encounter at San Luis is still not  
known definitely, but it is known that  
we inflicted some losses on the enemy  
in that vicinity. The much talked of  
movement in Santa Clara province  
has not been encountered and no in-  
surrectionists have been seen there  
by our forces.

"We have equipped and sent out in  
various directions 300 volunteers un-  
der competent officers. We have plen-  
ty of Remingtons and ammunition for  
all who enlist at present, and more  
have been ordered from the United  
States. Besides, we have thousands  
of old but serviceable guns. We be-  
lieve the loyal people are taking up  
arms for the government faster than  
the insurgents are increasing."

While the foregoing is typical of  
the utterances of government officials  
there are evidences of threatening in-  
creases in the numbers of the insur-  
rectionists. In the province of Santa  
Clara the disaffection is widespread,  
and in the province of Havana a great  
many people are in sympathy with the

## Trust to Nature.

A great many Americans, both men  
and women, are thin, pale and puny,  
with poor circulation, because they have ill-  
treated their stomachs by hasty eating  
or too much eating, by consuming al-  
coholic beverages, or by too close con-  
finement to home, office or factory, and in  
consequence the stomach must be treated  
in a natural way before they can rectify  
their earlier mistakes. The muscles in  
many such people, in fact in every weary,  
thin and thin-blooded person, do their  
work with great difficulty. As a result  
fatigue comes early, is extreme and lasts  
long. The demand for nutritive aid is  
ahead of the supply. To insure perfect  
health every tissue, bone, nerve and  
muscle should take from the blood cer-  
tain materials and return to it certain  
others. It is necessary to prepare the  
stomach for the work of taking up from  
the food what is necessary to make good,  
rich, red blood. We must go to Nature  
for the remedy. There were certain  
roots known to the Indians of this  
country before the advent of the whites  
which later came to the knowledge of  
the settlers and which are now growing  
rapidly in professional favor for the cure  
of obstinate stomach and liver troubles.  
These are found to be safe and yet cer-  
tain in their cleansing and invigorating  
effect upon the stomach, liver and blood.  
These are: Golden Seal root, Queen's  
root, Stone root, Bloodroot, Mandrake  
root. Then there is Black Cherrybark.  
The medicinal principles residing in these  
native roots when extracted with glycer-  
ine as a solvent make the most reliable  
and efficient stomach tonic and liver in-  
vigorator, when combined in just the  
right proportions, as in Dr. Pierce's  
Golden Medical Discovery. Where there is  
broken vitality—such as nervous  
exhaustion, bad nutrition—and thin  
blood, the body acquires vigor and the  
nerves, blood and all the tissues feel the  
favorable effect of this sovereign remedy.  
Although some physicians have been  
aware of the high medicinal value of the  
above mentioned plants, yet few have  
used pure glycerine as a solvent and  
usually the doctors' prescriptions called  
for the ingredients in varying amounts,  
with alcohol.

The "Golden Medical Discovery" is a  
scientific preparation compounded of the  
glyceric extracts of the above mentioned  
vegetable ingredients and contains no  
alcohol or harmful habit-forming drugs.

insurgents. In some cases whole com-  
munities appear to have been carried  
away by the recrudescence of insur-  
rectionary times. The extent to which  
this will lead to open rebellion is still  
uncertain.

A gentleman who has spent several  
days in Aguacate stated to the Asso-  
ciated Press that as many as 500 men,  
most of them armed, were riding  
about that vicinity, proclaiming insur-  
rectionary ideas.

The Fighting at San Luis.

The principal event Wednesday was  
the fighting at San Luis. The reports  
of the commanders of the rural guards  
are to the following effect:

The bands of Guerra, Pozo and oth-  
ers, aggregating about 400 men, con-  
centrated in the morning in the vicin-  
ity of San Luis. Seventy rural guards  
under command of Major Laurent  
were to attack the insurgents from the  
east and thirty men under Lieutenant  
Azcu were to attack from the west.  
Azcu arrived first and got into an  
ill-timed engagement with a far su-  
perior detachment, with the result that  
he was forced to retreat hastily to  
San Luis, pursued by a portion of the  
enemy. The rural guards took refuge  
in their quarters. In the afternoon  
Major Laurent had a hot fight with  
the insurgents under Guerra and re-  
ports that several were killed or  
wounded. He pursued Guerra, but so  
far as known did not retake the town.  
According to other fragmentary re-  
ports the insurgents continue in pos-  
session of San Luis. Railway trains  
have not been interfered with.

One hundred recruits were started  
westward Wednesday evening on  
board a special train, but it is not  
likely that they will be permitted to  
reach San Luis.

An attempt is being made with 200  
mounted rural guards and regulars to  
corner Quentin Bandera, who with 150  
men is continuing his dodging tactics  
in the western part of the province  
of Havana.

Three large bands of insurgents are  
out in the province of Santa Clara.  
The insurrection appears to be grow-  
ing, but the loyalists claim that they  
will be able to resist the movement.

No insurrectionary movement is re-  
ported in the province of Matanzas,  
which is the stronghold of the Mod-  
erate party, beyond a band of twenty,  
and none in the eastern provinces  
excepting the bandit band of Enrique  
Mesa.

The government's latest reports  
from San Luis, which significantly are  
dated from Pinar del Rio, are to the  
effect that Major Laurent in Wednes-  
day afternoon's engagement killed  
four insurgents and captured a few  
horses. The major has not yet ar-  
rived at Pinar del Rio.

A telegram to the government late  
Wednesday night stated that Major  
Laurent, with his detachment of rural  
guards, fought Guerra and his 300 men  
for three hours in the afternoon, com-  
pletely defeating him, killing or  
wounding many insurgents and taking  
three prisoners. None of the rural  
guards were hurt. Another portion  
of the insurgent force continues to oc-  
cupy San Luis.

There is an unconfirmed report from  
Pinar del Rio that Lieutenant Azcu  
was captured and that nine of his de-  
tachment reached Pinar del Rio.

General Jose Miguel Gomez, who  
was arrested Tuesday, was formerly  
governor of Santa Clara province and  
was the Liberal candidate for the pre-  
sidency last year. The government  
always suspected Gomez, along with  
other Liberal leaders, of conspiring or  
conniving at insurrectionary schemes,  
but there was no definite evidence until  
it developed that he was planning to  
take the field at the head of the Santa  
Clara insurrectionists. Gomez was  
living quietly at home when arrested.  
No attempt to rescue him was made.

Had Gomez taken the field it would  
have had an immense influence, as he  
is a strong, magnetic military leader.  
Orestes Ferrera, who was General  
Gomez' campaign secretary and man-  
ager, and who was with him in New  
York several months ago, arrived from  
New York Wednesday. A warrant is  
out for his arrest on the charge of  
conspiracy. Ferrera is suspected of  
trying to procure arms and ammuni-  
tion in the United States for the insur-  
gents.

## GENERAL NUNEZ IN PERIL.

Attempt to Assassinate Governor of  
Havana Province Is Foiled.

Havana, Aug. 23.—An attempt was  
made Wednesday evening to assassi-  
nate General Emilio Nunez, governor  
of the province of Havana. A man  
had a revolver levelled at the gov-  
ernor as he was entering his home. An-  
other man who was passing by saw  
the would-be assassin and cried out,  
whereupon Governor Nunez turned  
and, drawing his revolver, fired over  
the miscreant's head. The latter was  
so surprised that he dropped his re-  
volver. He was promptly arrested.  
His identity is not known, but he is  
a white man and was well dressed.

## Kills Rival at a Revival.

Lexington, Ky., Aug. 23.—During a  
religious revival in Magoffin county,  
Boyd Sturgeon shot and instantly  
killed John England, his rival for the  
affections of a young woman. Stur-  
geon escaped.

## FOR A LARGE AMOUNT

FAILURE OF BROKERAGE FIRM  
OF M. J. SAGE & CO. OF NEW  
YORK ANNOUNCED.

## HAD MANY BRANCH OFFICES

STRING OF THREE HUNDRED OF  
THEM REACHING FROM NEW  
ORLEANS TO MAINE.

New York, Aug. 23.—M. J. Sage &  
Co., brokers, of No. 1 Montgomery  
street, Jersey City, and 57 Broadway,  
this city, Wednesday posted a notice  
at their Jersey City office informing  
their correspondents they had discon-  
tinued business.

The Sage company was incorporated  
under the laws of the state of New  
York in 1894 with a capital stock of  
\$50,000.

The president of the firm is Maurice  
J. Sage, a young man who came to  
this city about twelve years ago from  
Binghamton, N. Y.

Up to May the firm, together with  
the Guanajuto Amalgamated Mines  
company, occupied offices at No. 42  
Broadway.

The Guanajuto Amalgamated Mines  
company is the property of Albert J.  
Adams. After his release from Sing  
Sing he purchased this mining prop-  
erty, located in Guanajuto, Mex., for  
a sum estimated at \$1,000,000. Short-  
ly after this Adams went to Mexico  
and now lives near his mines.

It is stated that the Sage system  
consisted of a string of at least 300  
branch offices, stretching from Maine  
to New Orleans, and in some quarters  
the failure is declared to involve pos-  
sibly \$2,000,000.

Although a great business was done  
by this stock commission firm, it has  
no stock exchange membership here.

The principal branch offices of the  
firm are located in the large cities and  
in towns of New England, New York  
and Pennsylvania.

Up to the present time the firm has  
met all its financial obligations. Dur-  
ing the time they have been in busi-  
ness they have encountered several  
severe bull campaigns, especially the  
one during the latter part of last year.

It was not long, however, before the  
loss sustained was recovered. Follow-  
ing the bull market came a sensational  
cotton market, on which the firm  
cleared \$1,000,000, having succeeded  
in getting on the right side of the  
market. This large sum, together  
with the incoming of a bear campaign  
in the stock market, enabled the firm  
to recover all its previous losses.

## OPERATIONS STOPPED.

Postal Authorities Get After Alleged  
Fake Concern.

Chicago, Aug. 23.—Operations of the  
Tabasco-Chiapas Trading and Trans-  
portation company and the La-Me-Ha  
Mills company, Mexican investment  
concerns with offices here, were  
stopped Wednesday by the United  
States postal authorities. Henry D.  
Bushnell, president, and I. B. Miller,  
secretary and treasurer, were ar-  
raigned before United States Commis-  
sioner Foote, who held them in bonds  
of \$2,000 each and continued the case  
until Aug. 30.

It is declared by the postal authori-  
ties that the operations of Bushnell  
and Miller, which have covered a pe-  
riod of five years, have netted them  
\$850,000 from innocent investors. To-  
gether the two companies were cap-  
italized for \$2,000,000. According to  
the literature of the two companies,  
they operate large coffee plantations  
and own several lines of steamers.  
The postal authorities declare such is  
not the case and that Miller and Bush-  
nell have been paying dividends from  
money taken in for stock.

## BIG BOILER EXPLODES.

Plant Wrecked and Five Persons Are  
Injured.

Marion, O., Aug. 23.—By the explo-  
sion of a 300-horsepower boiler the  
plant of the Marion Railway and Light  
company was wrecked and five per-  
sons were injured.

The explosion wrecked the entire  
north end of the building and two of  
those inside of the plant at the time  
were caught under falling walls and  
probably fatally injured. They are  
Gottlieb Trifz and Charles Dutton. The  
damage is estimated at \$50,000.

## Four Deaths From Heat.

Cleveland, Aug. 23.—The tempera-  
ture reached an almost intolerable de-  
gree of intensity here Wednesday.  
The humidity was great and there was  
much suffering throughout the city.  
Four deaths from heat prostration oc-  
curred and nearly a score of other  
prostrations are reported, some of  
them serious.

## DEMOCRATS OF OHIO.

Nominate a State Ticket in Conven-  
tion at Columbus.

Columbus, O., Aug. 23.—Samuel A.  
Hoskins for secretary of state, Charles  
W. Haupt for state school commis-  
sioner, Rodney J. Diegle for state  
dairy and food commissioner, and  
Morge Nyswonger for member of the  
board of public works, constituted the  
ticket named by the Ohio Democrats  
here in a session somewhat fervid in  
temperature, in oratory and in meth-  
ods of voting.

The day was close and sultry, few  
delegates wore coats and many sought  
cooler places outside the hall before  
final adjournment, this last fact mak-  
ing possible the casting of votes of  
several delegates by unauthorized  
persons during the last few ballots.  
A number of counties were challenged  
and several persons were put out of  
the hall for improper voting, but it did  
not seem to affect the result material-  
ly in the case. During the first hour  
and a half of the day's session the  
question of an endorsement in a coun-  
ty option in temperance legislation  
was under discussion, an attempt by  
W. L. Finley to amend the platform  
and give such an endorsement being  
defeated on roll call.

Aside from these features the defeat  
of Mayor Tom Johnson in the state  
central committee was still the sub-  
ject of comment.

## BROWN FINALLY CHOSEN.

Named for United States Senator by  
Nebraska Republicans.

Lincoln, Neb., Aug. 23.—In a stren-  
uous session of twelve hours the Re-  
publican state convention nominated  
a ticket headed by Attorney General  
Norris Brown for United States sena-  
tor and adopted a platform which is  
in some respects a radical departure  
from past party declarations. In that  
it demands a "new deal" in the levy-  
ing of railroad taxes and for railroad  
regulations and commits the party to  
direct primary method of nominating  
officers.

The leading fight was on senator,  
six ballots being required to nominate  
Brown. His leading competitor was  
the veteran Omaha editor, Edward  
Rosewater. Following is the ticket:

United States senator, Norris Brown,  
Buffalo county; governor, George L.  
Sheldon, Cass; lieutenant governor,  
Melville R. Hopewell, Burt; railroad  
commissioners, Hudson J. Winnett,  
Lancaster; Robert Colwell, Douglas;  
Andrew J. Williams, Pierce; secretary  
of state, George G. Junkin, Gospar;  
auditor, Edward M. Searle, Jr., Keith;  
state treasurer, Lawson J. Brian,  
Boone; attorney general, William T.  
Thompson, Merrick; superintendent of  
public instruction, Jasper L. McBrien,  
Johnson; commissioner of public lands  
and buildings, Henry M. Eaton, Dodge.

## VICTORY FOR HOKE SMITH.

Assured of Democratic Nomination for  
Governor of Georgia.

Atlanta, Ga., Aug. 23.—The state  
Democratic primaries have resulted in  
a victory for Hoke Smith, candidate  
for governor, unprecedented in the  
size of his majority. Of the 145 coun-  
ties in the state, he has carried prob-  
ably 110. By the returns so far avail-  
able, Clark Howell carried six coun-  
ties, J. H. Estill of Savannah two, R.  
B. Russell eight and James M. Smith  
three, leaving sixteen to hear from.  
This result will give Hoke Smith 215  
votes in the state convention out of a  
total of 366.

Mr. Howell's paper, the Constitution,  
in its first edition, concedes more  
than 100 counties to Hoke Smith and  
says his nomination for governor on  
first ballot in the convention is prac-  
tically assured.

## POLITICIANS BEWILDERED.

Over Rapid Developments in Contest  
in Massachusetts.

Boston, Aug. 23.—Developments in  
the contest for the Democratic gub-  
ernatorial nomination have been so  
rapid within the past twenty-four  
hours that political leaders in this  
city confess that they are bewildered.

The developments of the day  
dropped Henry M. Whitney from the  
contest for governor; brought former  
Governor William L. Douglas into the  
field as a conditional candidate and  
placed John B. Moran where he may  
bring party harmony or continue a  
contest against a number of Demo-  
cratic leaders who are opposed to his  
candidacy.

## TEN DEATHS IN CHICAGO.

Intense Heat Also Causes Many Pros-  
trations.

Chicago, Aug. 23.—The heat in Chi-  
cago Wednesday was responsible for  
ten deaths and twenty-nine prostra-  
tions. As early as 11 o'clock in the  
morning the thermometer at the  
weather bureau registered 91 degrees.  
It remained at this point for four  
hours, when the 92 mark was reached.  
Later in the day a slight breeze came  
from the west and brought a little re-  
lief, but the weather forecast calls for  
a continuation of the hot wave.

## TO START A REVOLT

CAPTAIN BOYNTON HAD A PLAN  
TO OVERTHROW CASTRO'S  
GOVERNMENT.

## CHARGE OF COUNTERFEITING

MADE AGAINST THE SOLDIER OF  
FORTUNE AND HE IS PLACED  
UNDER ARREST.

New York, Aug. 23.—If the plans of  
Captain George R. Boynton, soldier of  
fortune and promoter of revolutions,  
had only counted on steering clear of  
the United States secret service, two  
months would have seen Venezuela  
again in the throes of a civil war.  
But no thought of Uncle Sam's defec-  
tive bureau interested itself in his  
doings ever entered the captain's  
mind, and the consequence was that  
he, Lewis M. Thompson, a lawyer, and  
Joseph A. and Sidney Keller, die and  
money press makers, were remanded  
by United States Commissioner Ridge-  
way on charges of counterfeiting a  
foreign government's mintage.

Boynton figured on departing from  
New York with dies and presses and  
all the necessary machinery with  
which to manufacture Venezuelan dol-  
lars of weight and excellence equal to  
the genuine Bolivars. With \$10,000 of  
silver bullion he intended to make  
\$20,000 of Venezuelan legal tender,  
and with that amount purchase more  
bullion and make \$40,000, and with  
the \$40,000 make \$80,000 and so go on  
coining until the endless chain had  
wound itself into a revolution.

He intended to take his counterfeit-  
ing plant right into Venezuela, and  
that's the reason why he thinks the  
government cannot do anything to  
him.

Captain Boynton insisted that he  
was no counterfeiter, and that his  
plan, which he candidly admitted, was  
merely the war measure common to all  
South American revolutions.

## AMERICAN TOURISTS HURT.

Horses Run Away in Scotland and  
Overturn Their Carriage.

Blair-Gowrie, Scotland, Aug. 23.—  
While a party of American tourists  
were driving from Glen Shee to Blair-  
Gowrie their horses bolted at the foot  
of a hill, overturning the carriage and  
throwing out the passengers with  
much force. Miss Elma Van Norden,  
daughter of Warner Van Norden, a re-  
tired financier of New York, who was  
for some years private secretary to  
General William Booth and had shown

much practical interest in the Salva-  
tion Army, was pitched against a dike,  
sustaining a fractured skull, a portion  
of the brain protruding. She was con-  
veyed to a neighboring residence,  
where she was given medical atten-  
tion immediately and where she was  
operated on. Dr. Rentown of Glasgow,  
who is attending her, reports that she  
is doing fairly well. Mr. Van Norden's  
cousin, Ottomar H. Van Norden, sus-  
tained a dislocation of the shoulder.  
The Rev. Oliver Hart Bronson, an-  
other of the party, received scalp  
wounds, while Edward S. Avery was  
cut on the legs. The coachman had  
his ear almost torn off. The carriage  
was wrecked.

## STRINGENT MEASURES.

To Prohibit Use of Insurance Money  
for Political Purposes.

St. Paul, Aug. 23.—Stringent mea-  
sures prohibiting the use of funds by  
insurance companies for political pur-  
poses were approved by the special  
committee of insurance commissioners  
and attorneys general in session at the  
state capitol for the purpose of draw-  
ing up a uniform insurance code to be  
presented to the various legislatures  
next winter. Reau E. Folk of Knox-  
ville, Tenn., chairman of the commit-  
tee on prohibition of political contri-  
butions, reported a bill fashioned after  
the New York law now in force in that  
state, and the bill was substantially  
adopted as part of the uniform code.  
It makes it a misdemeanor, punish-  
able by a year's imprisonment and a  
fine of not more than \$1,000, for any  
officer of an insurance company to  
contribute to campaign funds or in  
any way to aid the political fortunes  
of an officeholder.

## FIGHTS TWO THUGS.

Conductor Prevents Wholesale Hold-  
up on Northern Pacific Train.

Duluth, Aug. 23.—J. H. O'Brien of  
Duluth, a Northern Pacific conductor,  
single-handed, fought two thugs on his  
train and prevented a wholesale hold-  
up. His exciting experience occurred  
on the train out of this city for Brainerd  
and Staples. When the train  
had left Carleton on the way west,  
two desperate toughs undertook to  
hold up a car filled with sixty-five la-  
borers, bound for Perham to do rail-  
road work. O'Brien risked his life  
to prevent the holdup, and he succeed-  
ed, but he had to take some punish-  
ment. One of the holdup men was ar-  
rested at Brainerd and the other es-  
caped by jumping through a window.

## FOUR DEATHS AT MILWAUKEE.

Five Other Persons Prostrated by the  
Heat.

Milwaukee, Aug. 23.—Four deaths  
and five prostrations were ascribed to  
the heat in Milwaukee Wednesday.  
Thermometers registered in the vicin-  
ity of 90 degrees during the forenoon.  
A heavy rain in the afternoon of near-  
ly two inches cooled off the atmos-  
phere.

### SAN FRANCISCO CONFLAGRATION.

"The confident announcement made that our home office would furnish the  
needed funds to maintain the surplus of our United States branch has been  
fully realized. The Home Board having passed a resolution clearly expressive  
of that intention and in furtherance of this, remittances have been made to  
date to our San Francisco office of \$2,500,000, all drawn from abroad.

"We have made settlements with 17 of our claimants up to the date of our  
last advice, August 9th, amounting to \$3,432,964.00, and by the close of this  
month fully ONE MILLION will be added to that total. Every loss has been  
paid immediately on adjustment, and this course will be strictly followed until  
our last liability has been discharged.

"The honorable record made by this Company in the large conflagrations of

## HOLD-UP MAN IS TAKEN TO DULUTH

Men Supposed to be Same Who  
Made Gun Play in Duluth  
Saloon that Day.

## BOTH MEN ARE WANTED THERE

According to Police are Green-  
horns who were Loaded  
With Whisky

The man McNott, who was taken off train No. 13 Tuesday night, was taken to Duluth by the St. Louis county officials this morning. When he was searched after being taken to the jail a bottle of chloroform was found on his person. There is a report current that the other man, who was wanted most, climbed onto the back end of the train as it pulled out and went over the top of the cars and drove a fellow who was trying to ride the blind baggage off the train and rode the blind to Staples where he took a train for the west.

The Duluth Herald, of Wednesday, had a long article on the occurrence, but the account was somewhat garbled, being to the effect that the hold-up occurred just as the train arrived in Brainerd and that Conductor O'Brien made the capture. The fracas occurred near Carleton and no attempt was made to arrest the men until officer Hurley went into the train in Brainerd.

The Herald has the following to say as to the identity of the men and their character.

"According to the description of the men it is believed by the local police that they are the two fellows who entered Patrick Sullivan's saloon at 702 West Superior street last evening and escaped by a rear door after creating a rumpus and covering the bartender with revolvers.

"The trouble in the saloon occurred early in the evening, the men claiming that they were cowboys and 'bad men' from the West. They started a fuss with some of the patrons and when the bartender interfered they drew guns and one of them hit him on the side of the face with the butt of his weapon. The police department was notified of the occurrence and immediate search was made for the men, one of whom was described as a small man with a cleft ear and the other a large man. It is supposed that they got on the Northern Pacific train and mixed in with a gang of laborers headed for the wheat fields in North Dakota.

"The attempt at a holdup caused intense excitement among the laborers, some of whom had taken enough money along to tide them over until they had succeeded in finding places to work.

"The crudeness of the attempt is claimed by the local police to indicate that the two would-be robbers were green at the business and had been priming themselves up to the deed probably by drinking bad whiskey."

The man who escaped from the train here certainly rode it to Staples as he was seen shortly after the train arrived there by the man in charge of the gang. He informed Conductor O'Brien and a strict search of the town was made but no trace of the fellow could be found.

## AMUSEMENTS

"The Umpire," which will be seen at the Brainerd opera house in the near future is one of the advance guard of the common sense idea in musical comedy—that is to say that its authors are among the first to realize that the day is over for utter inanity in the theatre, no matter what the style of entertainment, and that the public is demanding more substance and less meaningless piffle in their musical amusement. For instance, while the plot of "The Umpire" is out of the ordinary and treats of strange and unusual happenings, it never descends to the level of the impossible, and very seldom ever to the outer limits of improbability. Its unusual success in Chicago—a run of 350 times—is attributed to the fact that it has a sane dramatic story, a lively treatment of several up-to-date themes and music and comedy galore. The National games of football and baseball are dealt with amusingly, and even graft and corruption in high places feel the touch of the librettist's satire. Fred Mace is the leading comedian and the famed "Broilers" are in the company. Fred Mace will be remembered as having carried the leading roll so well in Piff Paff Pouff, here last year.

## New Bill at the Bijou

**A Thorough Business Training School** is the Duluth Business University, located at Duluth, Minn. This college has been in existence fifteen years, during which time it has started over three thousand young men and women in the business world. Although its annual enrollment now reaches about five hundred, it finds it utterly impossible to supply the demand for its graduates. Business firms from all over the Northwest apply directly to the college for clerical help. During the past year the demand has been exceedingly great, over 367 students being recommended to positions in answer to about 530 applications.

The annual opening of the school will occur on Tuesday, Sept. 4th. A number of our young people have decided to enroll at this opening. We congratulate them on this step, as we believe this to be one of the best schools of its kind in the country. A line addressed to the Principal, W. C. McCarter, 105-7 W. ## RAILROAD NEWS

Items of Interest Regarding Railroads and Railroad Employees

## Ticket Scalpers Enjoined

Judge Carland, of the United States circuit court at Omaha, filed a decision of no little interest in railroad circles at St. Paul, Minneapolis and Duluth against those ticket brokers several of the railroads have begun proceedings at law.

In Omaha, as in St. Paul, the railroads brought suit to have the brokers enjoined from buying and selling non-transferable railroad tickets. Judge Carland's decision absolutely forbids the business in which the brokers have been engaged.

**C. B. BUCKMAN**  
MEMBER OF CONGRESS  
From The Sixth District of Minnesota.

**Republican Candidate for Renomination**  
Primary Election September 18, 1906  
**HIS RECORD**

The fitness of the public servant is best tested by the work he does for his constituency. Results speak for themselves and far more eloquently than any boastful promises of untied aspirants to public place. Especially is this true of a congressman who under the system peculiar to our national legislature gains strength, influence and ability to secure increasing benefits for his district in proportion to his continued service. For two terms the Sixth district has been represented by a Congressman who believes it his duty to his constituents to get them for the direct benefits of his unceasing activity. Congressman Buckman does not subscribe to the sit still and wait policy. The following of many instances of his energetic efforts on behalf of the district and its people are not matters of theory or empty promises, but of record.

**HE SECURED:**

The installation of 194 rural free delivery routes, extending the benefits of daily mail service to 100,000 farmers and rural residents, besides the annual expenditure of \$140,000 in wages to the carriers, money that is brought into and spent in the district.

The installation of complete county systems of rural free delivery in six of the twelve counties of the district and has a seventh county system pending for installation during the fall.

**An appropriation for the purchase of a site for a public building for Brainerd, the first Northern Minnesota city of its class to receive such an appropriation.**

Won his contention in the famous United States land office controversy between Bemidji and Cass Lake, thereby securing to his district as many land offices as have all the rest of the Minnesota districts combined, and paying in salaries to the residents of the district over \$12,000 per year.

Favorable action in about 200 of the pension claims entrusted to him by the veterans of the Sixth district, thereby securing many thousands of dollars for the Old Soldiers, their widows and orphans.

Passage through the House of Representatives of twelve bills for congressional pensions, which veterans of the district are now enjoying.

The enactment of laws authorizing the development of the splendid water powers along the Mississippi river in the district, which involve the investment of millions in manufacturing industries and have already given employment to hundreds of men.

The transfer of an immense tract of public lands from the Duluth to the Cass Lake land office district, a direct benefit to the settlers and adding materially to the importance of the Cass Lake district.

Employment under the Federal government for citizens of his district, with an aggregate annual compensation of over \$150,000.

**HE WORKED AND VOTED FOR**

The Railway Rate bill.  
The Pure Food bill.  
The Free Denaturalized Alcohol bill.  
The Philippine Tariff bill.  
The Immigration bill.  
The increase of rural free delivery carriers salaries to \$720 per year.  
The law giving rural carriers fifteen days' annual leave with pay.  
And for every measure sent by President Roosevelt from the White House for the consideration of Congress.

If you believe in business-like methods in Congress, go to the polls and cast your ballot for Congressman, C. B. Buckman at the Primary Election, September 18.

**TROUBLE ANTICIPATED.**  
Russian Government Prepares to Suppress Disorders.  
St. Petersburg, Aug. 23.—On account of the threatening spirit exhibited by the constituents of Onipko, the peasant member of the late parliament, who was arrested after the Cronstadt mutiny charged with inciting armed revolt, an offense the penalty for which is death, and because of the fear of outbreaks in the province of Stavropol should he be condemned by the forthcoming court-martial, the city and district of Stavropol and two other districts of the province, with the entire approval of the cabinet, has been declared to be in a state of extraordinary security and the rest of the province in a state of reinforced security. The necessary powers are conferred upon the governor of Stavropol to deal with disorder.

The following is the text of a mammoth petition for the release of Onipko which has been received by Premier Stolypin:

"We, the undersigned, electors of the province of Stavropol, are sorely aggrieved to hear that our representative, Onipko, has been arrested and turned over to a court-martial. We sent him to parliament with instructions to acquire for all laborers land and for the whole of the people liberty. Now that parliament is closed and the people have received nothing, we are waiting for our deputy, Onipko, to give us an account of the work of parliament and his part therein. Therefore, we ask the emperor, through you to release Onipko."

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

**CAMPAIGN IN MAINE.**

Senator Beveridge the Speaker at Republican Rally.

Portland, Me., Aug. 23.—The Republican campaign in the First congressional district was formally opened here with a rally at which Senator Albert J. Beveridge of Indiana was the speaker. Senator Beveridge discussed national affairs and urged that congressmen and senators be elected who will aid President Roosevelt to purify American business and aggressively support his policy of increasing the prosperity of the country.

**COUNT WITTE UNDER KNIFE.**

Operation Performed on the Former Russian Premier.

St. Petersburg, Aug. 23.—Count Witte, the former premier, submitted to an operation on Tuesday at Frankfort-on-the-Main, which was performed by Professor Espliss. A telegram received here Wednesday from the premier declares that health was the sole reason for his visit to Frankfort, all rumors of political aims to the contrary notwithstanding. He will be obliged to remain at Frankfort or in that vicinity in order to effect a cure.
